STAT

Dear Norman:

You will recall that when we were talking a week or so ago, you mentioned to me the Russian language paper, "Russian Independence."

I have checked with some of our people here who are quite familiar with the publication, only twelve issues of which have appeared since it commenced in 1956. The issues are put out quite irregularly and I judge you had seen the most recent one which covers the months of May, June, July and August 1960.

With best wishes,

Faithfully yours,
